

**Now there are  
two ways to get  
poison help...**

**Log on to [poison.org](https://poison.org)  
or call Poison Control  
at **1-800-222-1222**.**

**Both ways are free, expert,  
and confidential.**

**web**POISON**CONTROL<sup>®</sup>**

**VISIT POISON.ORG  
FOR ALL YOUR  
POISON CONTROL NEEDS:**

- Use the online tool for a possible poisoning, 24/7.
- Get poison prevention info.
- Identify a pill.
- Sign up for our free e-newsletter, The Poison Post®.

**A FEW POISON PREVENTION TIPS:**

- Read the label. Follow directions!
- Lock up medicines and products.
- Use child-resistant packaging.
- Keep batteries away from children. A swallowed battery can be fatal.
- Keep laundry pods out of your child's reach.
- Don't transfer non-food products into food or beverage containers.
- Install a carbon monoxide alarm.

**FIRST AID FOR POISONING:**

Splashed in  
eyes or on  
skin?

Rinse with  
water for  
15 minutes.

Breathed in  
a poison?

Get to  
fresh air.

Swallowed  
a cleaning  
product?

Drink milk  
or water.

**Call Poison Control at  
1-800-222-1222 or log on to  
poison.org.**
